output signals

A diagram of a stateful object, represented as a circle. Inside the circle, there is a rectangular box labeled "state" with the text "state name" to its left. Below the "state" box, there is a row of seven rectangular boxes labeled "output signals" to their left. Above the "output signals" boxes, the following labels are written vertically: "finished", "lost", "newCard", "sel", "enaLoad", "enaAdd", and "enaScore".
